

Your Home is the Best Investment

Investment Club

February 14, 2004, 7:00-9:00pm

MIT E25/117

After the series seminars, we had this additional seminar on a new topic of investment: Real Estate. We invited Mr. David Chen, President of ECO Group Enterprises Corp, a Cambridge based design, build and property investment company to deliver a seminar titled "Your Home is the Best Investment - How to make property investment through home remodeling, addition or new construction?" This seminar introduced the knowledge and procedure you need to know when making property investment on your own home or investment properties.
